between the United States and the subject country, including any relevant bilateral or multilateral agreements between the administrations involved. The applicant must demonstrate that the foreign country at the other end of the private line provides U.S.-based carriers with:

- (1) The legal right to resell international private lines, interconnected at both ends, for the provision of switched services;
- (2) Reasonable and nondiscriminatory charges, terms and conditions for interconnection to foreign domestic carrier facilities for termination and origination of international services, with adequate means of enforcement;
- (3) Competitive safeguards to protect against anticompetitive and discriminatory practices affecting private line resale; and
- (4) Fair and transparent regulatory procedures, including separation between the regulator and operator of international facilities-based services.
- (d) The showing required by paragraph (b) of this section may be made in a Section 214 application filed pursuant to §63.18 of this part or in a petition for declaratory ruling addressed to the attention of the International Bureau and indicating clearly the name of the party seeking the declaration and the destination points for which the declaration is sought. The Commission will issue public notice of the filing of the request and may, in each case, determine an appropriate deadline for filing comments. Unopposed requests may be granted by public notice.

## § 63.17 Special provisions for U.S. international common carriers.

(a) Unless otherwise prohibited by the terms of its Section 214 certificate, a U.S. common carrier authorized under this part to provide international private line service, whether as a reseller or facilities-based carrier, may interconnect its authorized private lines to the public switched net-

work on behalf of an end user customer for the end user customer's own use.

- (b) Except as provided in paragraph (b)(4) of this section, a U.S. common carrier, whether a reseller or facilities-based carrier, may engage in "switched hubbing" to countries for which the Commission has not authorized the provision of switched basic services over private lines provided the carrier complies with the following conditions:
- (1) U.S.-outbound switched traffic shall be routed over the carrier's authorized U.S. international private lines to a country for which the Commission has authorized the provision of switched services over private lines (i.e., the "hub" country), and then forwarded to the third country only by taking at published rates and reselling the international message telephone service (IMTS) of a carrier in the hub country;
- (2) U.S.-inbound switched traffic shall be carried to a country for which the Commission has authorized the provision of switched services over private lines (i.e., the "hub" country) as part of the IMTS traffic flow from a third country and then terminated in the United States over U.S. international private lines from the hub country:
- (3) Authorized carriers filing tariffs pursuant to §§ 61.19 or 61.28 of this chapter that route U.S.-billed traffic via switched hubbing shall tariff their service on a "through" basis between the United States and the ultimate point of origination or termination;
- (4) No U.S. common carrier may engage in switched hubbing to or from a third country where it has an affiliation with a foreign carrier unless and until it has received authority to serve that country under §63.18(e)(1), (e)(2), or (e)(3).
